

Losing a loved one to suicide is a different type of grief.

Nobody should have to go on that journey alone.

Walking alongside families in Minnesota who are faced with losing a loved one to suicide.

THE FIRST YEAR

During the first year we provide families with small gifts every month that other survivors have found helpful.

YOU ARE NOT ALONE

We have peer supporters who are honored to walk alongside families and a private Facebook group for survivors to connect with others.

RESOURCES FOR YOU

We have resources available on our website that can be accessed anytime that have been recommended by other survivors.

wesawthelight.org

We believe that everyone deserves to see the beauty that every day has to offer, even in the darkest moments.
